ABOUT THE BOOK

The Queen of Harlem Commandments is the first book by Michelle Smalls, a Harlem icon who turned her pain into power by following a code of conduct that only the streets could respect. Ms. Smalls's journey is not unlike many young black women living in the inner cities whose life begins with pain, loss, and disappointments. The Queen of Harlem Commandments...

“I can't help and be amazed at how the streets affects different people in different ways. Ms. Smalls points that out several times how she was able to play the cards she was dealt and each time come out with the winning hand. She's a true testament in and of itself of how being a person with impeccable mores living by a code allowed her to persevere and navigate over and through the many obstacles place before her. Read less.”

“NEVER TAKE YOUR SHOES OFF”

Excerpt

“I remember when you didn't have shit, and your bed was on the floor,” said my son's father.

I am sharing my story because not all that glitters is gold. Do you think you want to walk in my shoes? Let me tell you, my inner soles (from the little pink pumps to my Fendi boots) have nothing but tears, pain, and disappointments. My teenage years and early twenties were not the brightest. I dealt with plenty of hurt and deception.

Yes! I once was a bum. Yes! I have a criminal history. Yes! I've done things I am not proud of in life. But something I learned early in life: The best thing you can do in life is to accept your past. Once you fully accept the turmoil and embarrassment, no one can use it against you. You will have the confidence, courage, and strength to stand within your very own power. You will inevitably build your character and your life commandments.

My son's father's expression about me was 100% facts! There was a moment in

my life when my bed was on the floor, and I did not have shit. His words were unable to penetrate me because I've grown to be emotionally detached and accept my past. His goal was to humiliate me in public in front of a crowd of millions, at the club while shooting a reality series. We were in front of the producers and executives, and yet I was able to laugh it off. Some shit is not even worth my attention! I didn't even entertain him with a response.

I went from sleeping on the floor to owning a \$700,000 home, multiple investment properties, owning businesses, becoming a real estate broker in multiple states, and a philanthropist. My accomplishments came from being focused, hardworking, and determined to “Never take my shoes off.”

I am Michelle Smalls also known as the Queen of Harlem. You think you know me, but you have no idea!

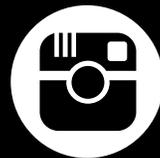

Welcome to my journey.
